

# ANKIT KUMAR

Chennai, Tamil Nadu | +91-8130437137 | ankitkumar16729@gmail.com | [LinkedIn](#) | [GitHub](#) | [LeetCode](#)

## EDUCATION

**Sathyabama Institute of Science and Technology | 2024 – 2028**

BE – Computer Science & Engineering

**CGPA: 9.35**

## PROJECTS

**Finance SaaS Platform** | Next.js 16, React 19, TypeScript, Hono, PostgreSQL, Drizzle ORM, Clerk, Plaid, Lemon Squeezy, TanStack Query, Zustand [\[Live\]](#) [\[GitHub\]](#)

- Engineered a **full-stack finance SaaS** with secure authentication, **multi-tenant data isolation**, and subscription-based feature gating across 3+ premium analytics modules.
- Integrated **Plaid** for bank account linking, transaction syncing, and **automated account management** across connected financial institutions, eliminating manual data entry.
- Implemented transaction filtering by date, account, and category with **CSV bulk import of 1,000+ records**; configured **end-to-end billing** via Lemon Squeezy with paywall and customer portal.
- Designed an interactive dashboard with **5+ KPI cards**, category breakdowns, and multi-chart analytics using Recharts for actionable financial insights.

**Project Management Platform** | React, Node.js, Express, PostgreSQL, Tailwind CSS, Redux Toolkit [\[Live\]](#) [\[GitHub\]](#)

- Developed a full-stack platform with **multi-workspace organization**, task boards, team assignments, and deadline tracking with **role-based access control** across 4 permission levels.
- Constructed **secure RESTful APIs** with Node.js and Express, backed by PostgreSQL and Prisma ORM; implemented Clerk-based authentication and **real-time task commenting** across 3+ task stages.
- Embedded a **Groq-powered AI chatbot** for instant project guidance and conversational support, reducing friction and improving platform usability for **4+ user roles**.

**Jotion – Notion-Inspired Workspace** | Next.js 16, TypeScript, Convex, Clerk, TailwindCSS, BlockNote Editor [\[Live\]](#) [\[GitHub\]](#)

- Crafted a **real-time collaborative workspace** with **rich text editing**, hierarchical document management, and unlimited nesting backed by Convex for instant synchronization across sessions.
- Embedded a **Groq-powered AI assistant** to deliver fast, contextual workspace help, boosting user productivity with responsive AI-driven interactions across **10+ document types**.
- Architected a **recursive document tree** with publish/unpublish workflows and soft-delete recovery; deployed on Vercel with dark/light mode support.

## TECHNICAL SKILLS

**Languages:** C++, JavaScript, TypeScript, Python, SQL

**Frontend:** React, Next.js, Redux Toolkit, TailwindCSS, Radix UI, Shadcn/UI, Recharts, BlockNote Editor

**Backend:** Node.js, Express, Hono, REST APIs, Clerk, Convex, Plaid, Lemon Squeezy

**Databases & ORM:** PostgreSQL, MongoDB, Prisma ORM, Drizzle ORM, Convex

**Machine Learning:** Machine Learning Concepts, Supervised Learning, Unsupervised Learning, Regression, Classification, Clustering, Feature Engineering, Model Evaluation

**AI Tools:** Groq API, Claude API, GitHub Copilot, Gemini API, Cursor — prompt engineering & agentic workflows

**Tools & Platforms:** Git, GitHub, Vercel, VS Code, Postman, TanStack Query, Zustand

**Coding Profiles:** Solved 650+ problems across LeetCode and GeeksforGeeks spanning algorithms, data structures, graphs, DP, and binary search

## CERTIFICATIONS & ACHIEVEMENTS

- Research Paper** — ComSIA-2026, University of Delhi: Co-authored and presented '[Strive Hive: Application for Data-Driven Health and Fitness Decision Making](#)' — Mar 2026
- Luminary Award 2024–2025 & 2025–2026** — Sathyabama Institute: Awarded consecutively for academic excellence, extracurriculars, and technical contributions in 1st and 2nd year
- Generative AI for Everyone** - Coursera / DeepLearning.AI: Practical knowledge of LLM workflows, prompt engineering, and building AI-driven applications [View](#)
- AI For Everyone** — Coursera / DeepLearning.AI: Foundational knowledge in AI strategy, machine learning workflows, and real-world applications [View](#)

## LEADERSHIP & VOLUNTEERING

**Executive Committee Member — IEEE Women in Engineering (WIE), Sathyabama** | Jul 2025 – Feb 2026

- Spearheaded 5+ technical workshops on Web Development, Competitive Programming, and DSA, upskilling 150+ students across campus; received Certificate of Recognition for outstanding contributions.
- Directed end-to-end planning for 5+ IEEE WIE chapter events, coordinating speakers, logistics, and outreach — consistently delivering events on time with 100+ attendees.
